

K A - N E W S

December 1, 1979

Hi, hope the fall has treated everyone well. Yes, there will be a Xmas party, place, date and time will come on a later date. Hopefully we'll see you there.

The Kanawana Outing Club has started up and we have started getting the budget ready for K.K. '80. I'm also hoping to start a Staff Committee to help in planning for 1980. If you are interested give Olga or myself a call or drop by. Hope to get the Committee rolling in mid-December or early January.

I've started to talk to people about next summer which is not that far away about jobs. By the way if any of you are wondering were those large sums of money went this summer maybe you didn't receive that last cheque and I know you could use it for Christmas shopping so how about getting in that report!? Also, there are a few data cards missing and parents are calling wondering what happened to them, so check those trunks they may be lining the bottom and I'd appreciate receiving them!

SOME TIDBITS:

Remember the K.K. canoe Dave O'Donnell lost from the caboose the early part of the summer? Well, its been found hiding on top of the ski hill. I hope there was a lesson learnt.

Bob Woodhouse, Kevin Forster and Katie Sheahan have all started fulltime jobs and all seem to be enjoying them.

Kitti is back from her Xross-Canada tour. Lynn Pryer is holding down two jobs in Toronto. Dr. Bob is in New Zealand on part of his world tour. Alan Gandall got stroked and is stroking every morning. Therese had a fantastic party which I missed. Dave Scammells aparently has a casanova for a roomy at University. Hear about Kevin McGrath and Steve Wells' drinking contest. Kevin apparently lost his shirt. Ellen Paltiel is a member of a new group.

That's it, that's all,

Dave
